

A Message from Foundry's Pastors and Staff:

As pastors and staff at Foundry, we want to affirm that all people are welcome as members and leaders in our congregation. No one will be denied membership because of their age, economic circumstance, ethnicity, gender, physical condition, race, or sexual orientation.

LGBT United Methodists currently serve on all of our major committees and as key leaders of our church. We pledge to devote our energies to oppose any denominational policies that discriminate against our LGBT sisters and brothers. We invite all of those committed to inclusion, justice and reconciliation to join with us in this struggle.
