

## Foundry Lemonade Stand Makes a Welcoming Hit at **PRIDE!**

*"A big thank you from the gay community to everyone who helped with the second annual Foundry lemonade give away! I can't tell you how many folks came up to our booth at the Pride Festival just to say "thank you" and how much they appreciated the gesture of hospitality from Foundry that came at just the right point in the parade. Some folks said 'you guys must have a really cool church.'*

*"The newly-constructed stand looked great and even though we ran out of lemonade, apparently the water was just as welcome! Thanks to Sam Kilpatrick for spearheading this activity, purchasing the supplies, recruiting the volunteers and getting the stand set up, to Garrett Peck for leading the charge at the event, to Brian Castro, to the 20/30s group and to everyone else who took the time from their Saturday evenings to make it happen. Thanks."*
